*Subject: A quick message*

---

In the name of Allah the Gracious the Merciful.

My brother and my dear Aba al-Ayyubi,

A quick message I would like to deliver it to you so that I assure you about two matters: Our method of secure communications and the issue of the computer that you use. But before I start I like to congratulate you because you impressed the brother Hussein in the same manner which you were impressed by him. And also I congratulate you since I see in you the instinct of the disciplined Mujahid since you executed first what we asked from you in opening a new account on the Internet and consequently you returned and expressed your opinion in preferring the old method which is storing the messages in the memory without sending them. Therefore we O my brother with all humility learn from each other for the sake of Allah, Almighty and we yearn for you as well to be able to share your information with us. The honor and pride are for Allah alone, the Almighty according to His saying:

"To Him be glory throughout the heavens and the earth: and He is Exalted in Power, Full of Wisdom!"

My dear, therefore

1. Since you are comfortable with our current method in communication then let us keep it now and in the future we may talk about other methods and we will use the best.

2. Concerning using the computer of the friend for you, do you remember that I truly told you that I will have for you a solution that will please you Allah willing? This is the solution that I told you about it: Allah Almighty arranged that a rich brother knew about you and offered you a computer (laptop). We now are working on preparing it for you so that you use it in the communication with us. We are equipping it with the most recent security programs so that our communications are safe and secure. Allah willing we give it to you in the next meeting. Therefore O my dear no need to buy another device. Rather I have another advice: Are you able to use the money that you were going to spend for matters useful for the future and preparatory? What is your opinion in using some of it for matters like these:

Buying excellent shoes for the fast running and the physical exercises

Joining a club for the sports or to learn the games the acrobatics like Judo or Karate

Keeping your car in an excellent condition and legal

Finally: I like I wish you pleasant times with the honorable father. And Allah willing we will see you after he departs with the help of Allah and His care.

Your brother: Rafiq
